Dear Friends,

On behalf of the International Myeloma Foundation, thank you so much for your generous donation in support of Sterling Heights High School Fundraiser. Your generous support helps myeloma patients and their families access life-saving programs in Education, Research, Support, and Advocacy.

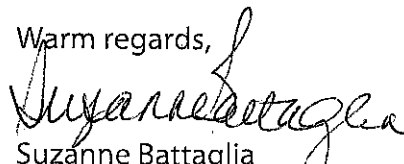

For nearly 25 years, the IMF has been improving the quality of life for patients while working toward prevention and a cure. We respond to the needs of our community by funding myeloma research, empowering people through education, bringing support, comfort, and hope to patients and their families and letting them know they are not alone.

The IMF is leading the world in collaborative research programs like the International Myeloma Working Group and is producing extraordinary results. Launched last year, the IMF's groundbreaking Black Swan Research Initiative® is making great strides in bridging the gap between long-term remission and cure.

Thanks to you, these important projects not only represent the true spirit and essence of the IMF – they are the roadmap to the future.

Once again, thank you for your contribution to the International Myeloma Foundation.

Warm regards,

  
Suzanne Battaglia  
Director of Member Events

*Please thank the team for their wonderful effort! Truly appreciated!*
